REPUBLIC SPECIAL. Philadelphia, Pa., May 16,-So far as the result of to-day's game was concerned, it might as well have been stopped at the end of the second inning, for there the scoring ceased, with the Athletics one to

Beginning with the third, the pitchers, who had been wild in the first two innings, stendled down to good work, and during the rest of the game neither side was able to get a man across the plate.

The Browns made but three hits in all. The Athletics did a little better in the batting line, making four hits in the last six innings, and two of the hits were for extra

into the clouds in the first inning, sending

into the clouds in the first inning, sending two men to first on bails, one of which forced in a run and the other developing into a tally. But Sievers handed back these favors in the Athletics's second, walking Hartsel and Pickering, both of whom substructly secred.

Henley walked Padden in the second and struck out Sievers, but after that he gave but one base on balls. Sievers was a triffe more generous, three men walking in the lass six innings.

Burkett led off with a long drive to center, Pickering just reaching the ball, but being unable to hold it. Heidrick, trying to sacrifice, beat out an infield bunt. Hemphill walked, filling the corners. Henley seemed to be unable to get them over, and Wallace went to first on balls, forcing in Burkett.

Jones hit to Monte, who stopped Wallace at second, Heidrick coming in. Hill went out on a long fly to Pickering, Hemphill counting. Jones was thrown out in an attempt to stead second.

Hartsell was forced into the game because of a slight mishap to Seybold in Saturday's game. Topsy walked to first, but not until after Sievers had registered a most vigorous kick with Umpire Carpanter.

Pickering and Davis were easy outs at

a most vigorous kick with Umpire Carpenter.

Pickering and Davis were easy outs at
first, after which Lave Cross walked, only
to be forced by Hoffman, Wallace making
a great stop of Danny's hit. In the second, Padden got to first on balls, went to
second on a passed ball and to third on
Sunder's sacrifice. Sievers was hit by a
pitched ball: Burkett was thrown out by
Lave Cross, Padden scoring. Heldrick
fied to Hoffman.

ATHLETICS BEST INNING. All the Athletics' action was concen-trated in the second inning. Murphy begat with a sizzling three-bagger to left field. Monte Cross drove a liner toward held. Monte Cross drove a liner toward third, which Hill batted down. Murphy made a bluff to run home and Hill just paid enough attention to lose at first. Powers got into a hole, and then got out of it by rapping a double down the left-field line, scoring Murphy and Monte. Honley struck out, Hartsell and Pickering were walked, and again Slevers ex-

Davis followed with a high drive to the ight-field fence. It looked like a possible ret-field fence. It looked like a possible t, and the runners made no move off eir bases until the bail hit the boards, swis could easily have gained second, the had to hustle to regain first. Hart-li scored on the hit. Lave Cross made a ag drive to left, Hartsell counting. This looked good to Davis, who really seed Pickering, who stuck pretty close second. Harry had to sgain hustle to gain first.

passed Pickering, who stuck pretty close to second. Harry had to again hustle to regain first. Heffman bent one safely through to cen-che scoring Pickering. Murphy was their out by flevers. In the fourth ig Padden was thrown out at home

Macon, Ga., May 16.-I. C. Plant's Son's bank did not open this morning. Notice was posted on the door. Great excitement followed, as it. H. Plant, the proprictor, was considered worth more than a million dellars.

a million dollars.

A ram started immediately on the Pirst National, of which he is the president, but the decre were closed at once.

Mr. Plant has been ill for several weeks and inability to attend to business caused his embarranesment. His life is insured for \$1.02,000, according to a recent statement leaved by the insurance companies. Most of the insurance is fully paid up.

Plant was for years gueral agent of the New York Life in this territory, and it is said that he sold his contrast to the company a short time ago for \$750,000.

The impression now prevails that when he recovers his health he will be able to straighten matters and to conduct business with as much success as ever.

A petition in bankruptcy was filed against him because of the excitement.

HIGH CLASS DRUGGISTS AND - OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or officinal names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—" Syrup of Figs"—or "Fig Syrup" and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes they find it necessary to resort to misrepresentation of deception, and whenever a dealer passes they find it necessary to resort to misrepresentation of deception, and whenever a dealer passes they find it necessary to resort to misrepresentation of deception, and whenever a dealer passes they find the name of "Syrup of Figs" or "Fig Syrup." which off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company— California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

Woman's ness can be complete without children; it Nightmare and want them as much so as it is to love the heartiful and

pure. The critical ordeal through which the expectant mother must pass, however, is so fraught with dread, pain, suffering and danger, that the very thought of it fills her with apprehension and horror. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend so prepares the system for the coming event that it is safely passed without any danger. This great and wonderful

great and wonderful
remedy is always
applied externally, and
has carried thousands
of women through
the trying crisis without suffering.
